*T&C's apply

Samsung 2026 Series TV Spend & Save Promotion

Terms & Conditions

1. Promotion period

The Samsung 2026 Series TV Spend & Save Promotion ("Promotion") is available for purchases made from 27th May 2026 until 9th June 2026 at 9:00pm (NZDT), inclusive.

2. Eligible products

- The Promotion applies only to selected eligible Samsung 2026 Series TV models ("Eligible Products").
- Eligible Products are those listed on the Spend & Save promotion page on our website at the time of purchase. Eligible models are marked with a green "Spend \$1,000+, Save up to an extra 10%" callout.
- Eligible Products may change during the Promotion period due to stock availability or product changes. Availability is while stocks last.

3. How the discount works

When Eligible Products are purchased in a single transaction, customers will receive an extra discount applied to the total eligible invoice value as follows:

- Spend \$1,000 – \$5,999 → Receive 8% extra off
- Spend \$6,000 or more → Receive 10% extra off

The more you spend in one transaction on Eligible Products, the more you save.

4. Pricing basis

- The discount is calculated on the advertised promotional price of Eligible Products on our website at the time of sale.

- Where applicable, Eligible Products may be identified as market-matched pricing on the website.
 - The Spend & Save discount applies after the advertised promotional or market-matched price is applied.
-

5. Exclusions

The following are excluded from the Promotion and do not count toward the spend threshold:

- Commercial sales
 - Ministry of Social Development (MSD) transactions
 - Gift cards
 - Service-related charges, including but not limited to delivery, installation, removal of old appliances, and packaging removal
-

6. Online and in-store purchases

- The Promotion applies to purchases made online or in-store.
 - For online purchases, the discount will be automatically applied at checkout when Eligible Products are added to the cart.
 - For in-store purchases, sales staff will apply the discount to the invoice where eligibility criteria are met.
-

7. GST

All prices, spend thresholds, and discounts are inclusive of GST.

8. Returns and refunds

- If one or more products from a Spend & Save transaction are returned and the original spend threshold is no longer met, the applicable discount will be deducted from the refund amount.
 - If products are returned and the spend threshold changes, the applicable discount will be recalculated and adjusted accordingly.
-

9. Combination with other offers

Unless expressly stated otherwise, the Promotion cannot be used in conjunction with any other offer, discount, or promotion, including retrospective price matching.

10. General

- Spend thresholds must be met in a single transaction.
- We reserve the right to amend, suspend, or withdraw the Promotion if circumstances beyond our reasonable control require it.
- This Promotion is subject to standard consumer guarantees under New Zealand law.
