LAVISH *Plush*

Alpaca Wool

Alpaca fibre is hypo-allergenic, has excellent thermal qualities, and helps to regulate body temperature, keeping you warm in winter and cooler in summer.

Graphene

Superior memory foam infused with graphene. Get into bed feeling fresh and cool and stay that way longer.

FusionGel®

Advanced memory foam technology infused with gel particles which provide active support for your body where you need it most.

Latex Gold

Latex within the mattress's quilting has natural anti-bacterial and anti-fungal properties, located in close proximity to the sleeping surface for maximum benefit.

Dunlop Foams

Dunlop Foams is produced in NZ and provides exceptional comfort and long lasting, durable support.

Comfort Edge

Solid foam edge provides support right to the edge of the mattress which reduces the roll out feeling.

Twin Pocket Spring Sleep System

Two pocket spring layers mean twice the number of springs that work together to provide the perfect combination of comfort and support.

Allergy Control

Ultra-Fresh offers a fresher, cleaner and more hygienic sleep experience.
